

“The Wanderess”

From the French Riviera to the Amalfi Coast, this stylish shoot takes us on a journey through the most sophisticated corners of Europe. Using pastel tones and hints of gold, La Chic Soirée fused together classic European entities with hints of modern flair to glamorize the setting explored by the wanderess. With a blue floor, three-tiered floral fountain and adorable selection of mini gelato pops and Parisian-inspired cakes, the scene seamlessly paints a picture of European elegance.

Blue porcelain—often found on the floors of European restaurants, cafes and hotels—directly inspired the pattern and texture of this geometric decal.

Can't make out what's inscribed on the front of this cake? That's because The Sweetest Thing Cakes kept Beethoven's romantic love letter entitled "Immortal Beloved" in the language it was originally written: German.
